# SAIL NUMBERS OF RACING YACHTS

The Section of the Register dealing with Racing Yachts is designed to serve two main purposes:-

1. To list under the several Countries, groups of the International, National and Ocean Racing Classes;
2. To provide in Part II a list of racing too small for inclusion in the main body of the Register, but which are governed by the International and National Associations.

It will be seen, therefore, that Part II of the Register is of the nature of a separate section dealing with the problem of listing small boats, some considerable way towards meeting the problem of listing small boats in the Register.

Identification of Racing Yachts

In accordance with Article 10 of the International Yacht Racing Union Yachts must identify themselves as follows:-

International Classes

All yachts must have a hull number on both sides of the stern, and a hull number on each side of the bow, and a hull number on each side of the transom.

Sail Numbers only shall be placed on both sides of the stern. The following letters, indicating nationality, have been assigned by the International Yacht Racing Union:-

1. Finland	M. Monaco	14. United Kingdom	Y. Yugoslavia
2. France	MD. Monaco	15. United States of America	Z. Zaire

E.Y.A. Racing Class

The E.Y.A. Racing Class is designed to serve two main purposes:-

1. To list under the several Countries, groups of the International, National and Ocean Racing Classes;
2. To provide in Part II a list of racing too small for inclusion in the main body of the Register, but which are governed by the International and National Associations.

## NOTES ON THE RACING YACHT SECTION

The Section of the Register dealing with Racing Yachts is designed to serve two main purposes:—

1. To list under the several Countries, yachts of the International, National and Ocean Racing Classes;
2. To provide in Part II a list of yachts, too small for inclusion in the main body of the Register, but which are governed by the International and National Authorities.

It will be seen, therefore, that Part II of the Racing Yacht Section goes some considerable way towards meeting the problem of listing small boats in the Register.

## Identification of Racing Yachts

In accordance with Racing Rule No. 17 of The International Yacht Racing Union yachts must identify themselves as follows:—

## International Classes

All yachts of these classes shall bear on both sides of the mainsail:—

- (a) A number or emblem showing the class to which the yacht belongs;
- (b) A letter showing the nationality;
- (c) The number of the yacht in the particular class.

Sail Numbers only shall be placed on both sides of the spinnaker.

The following letters, indicating nationality, have been assigned by the International Yacht Racing Union.

A	Argentina	L	Finland
B	Belgium	M	Hungary
BL	Brazil	MD	Monaco
CZ	Czechoslovakia	N	Norway
D	Denmark	OE	Austria
E	Spain	P	Portugal
F	France	PH	The Philippines
G	Deutsche Bundes Republik and West Berlin	PZ	Poland
GE	Greece	RC	Cuba
GO	Deutsche Demokratischen Republik	RM	Roumania
		S	Sweden
		SR	Union of Soviet Socialist Republics
H	Holland	TK	Turkey
I	Italy	U	Uruguay
J	Japan	US	United States of America
K	United Kingdom	V	Venezuela
KA	Australia	X	Chile
KB	Bermuda	Y	Yugoslavia
KC	Canada	Z	Switzerland
KS	Singapore		
KZ	New Zealand		

Thus, a 6-metre yacht belonging to the United Kingdom and assigned the number 7 would bear on her mainsail:

6  
K 7

## R.Y.A. Handicap Classes

The R.Y.A. Handicap Classes were assigned the numbers 1 to 99. The first 99 numbers having been exhausted, a second series of 1 to 99 was assigned, and subsequently a third series with a letter "Y" added was employed, thus:

1Y, 2Y, etc.

(See List of Yachts on pages 785 & 786.)

## Ocean Racing Classes

The United Kingdom Ocean Racing Class numbers are assigned by The Royal Ocean Racing Club. They run from 100 to 499; 601 to 699; 751 to 899; 1000 to 1199; 1700 to 1999 & 2100 to 2400.

The R.O.R.C., at the request of the French, Italian and Spanish Authorities, have allotted:—

France...Nos. 500 to 600; 900 to 999; 1400 to 1599; 2000 to 2099;  
2500 to 2599; 2700 to 2799

Italy ...Nos. 700 to 750; 1300 to 1399; 1600 to 1699; 2600 to 2699

Spain ...Nos. 1200 to 1299

The Belgian, German, Dutch and Brazilian Authorities, however, have allotted their own numbers independently. (See Lists of Racing Yachts under respective countries.)

Apart from the International Metre Classes, yachts of the following International and National Classes bear the emblems on their mainsail as indicated below:—

## International Classes

D	Dragon	14	14ft. Dinghy
FD	Flying Dutchman	T	Tornado
5O5	5-0-5	≈	Finn
12	Sharpie 12 sq. metre	C	Cadet

These emblems or numbers appear above the letter indicating the nationality and the yacht's number, thus:

D  
K 17

## National Classes

S	Swallow	E	Enterprise
18	18ft.	F	Firefly
15	Swordfish	N	12ft. Dinghy
ff	Flying Fifteen	R	Redwing Dinghy
▲	Merlin-Rocket		

These emblems or numbers appear over the yacht's number, thus:

F  
26

It is hoped that the above information used in conjunction with the Register itself, will facilitate the identification of yachts and at the same time be of interest to yachtsmen. It must be added, however, that the Editor of the Register has to depend upon the co-operation of the various National Authorities in making this Section as complete and up to date as possible.
